## **EXAMINER'S AMENDMENT**

(1)

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on October 19, 2005, Leana Levin requested an extension of time for ONE MONTH(S) and authorized the Director to charge Deposit Account No. 15-0461 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1, line 9, before "plugging member" the word "inserted" has been added Claim 18, line 11, before "plugging member" the word "inserted" has been added.

(2)

The drawings filed October 29, 2003 are approved.

(3)

The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest, after inserting plugging member of predetermined shape into the cell of a honeycomb, disposing a bond material between the inserted plugging member and the partition walls surrounding the plugging member. As set forth in the specification, after inserting the plugging member, bond material is injected between the inserted plugging member and the partition walls to dispose the bond material between.

Application/Control Number: 10/694,998 Page 3

Art Unit: 1734

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
